## CLASSROOM AND REAL-WORLD EXPERIENCE THAT TRANSFORMS

Advance your education. Broaden your knowledge. Explore new cultures. Gain workplace skills.

**40+**  
STUDENT CLUBS & ORGANIZATIONS

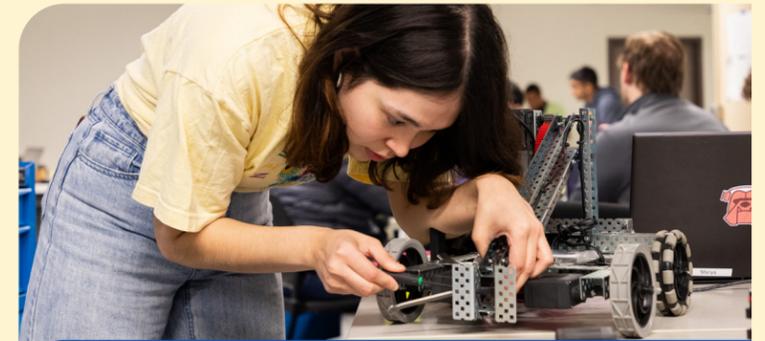

When students join the Kettering University exchange program, they are also joining a supportive, welcoming community. Exchange students study under accomplished faculty members, alongside fellow ambitious students and in small class sizes that promote fast-paced, collaborative learning. Outside the classroom, exchange students are immersed in the U.S. university culture, with access to more than 40 clubs and organizations, intramural sports, extracurricular activities and service in the community of Flint, Michigan.

## A CENTURY OF INNOVATION IN EDUCATION

Since 1919, Kettering University has been a worldwide leader in STEM education.

For more than a century, Kettering University has been a premier STEM institution known around the world for educating successful leaders, entrepreneurs, innovators, engineers, scientists and business people. Our pioneering model links transformative experiential learning and cooperative education opportunities to rigorous academic programs in engineering, science, and business. This proven approach inspires students to realize their potential and advance their ideas by combining theory and practice better than any institution in the world.

# HANDS-ON LEARNING THAT GIVES YOU THE UPPER HAND

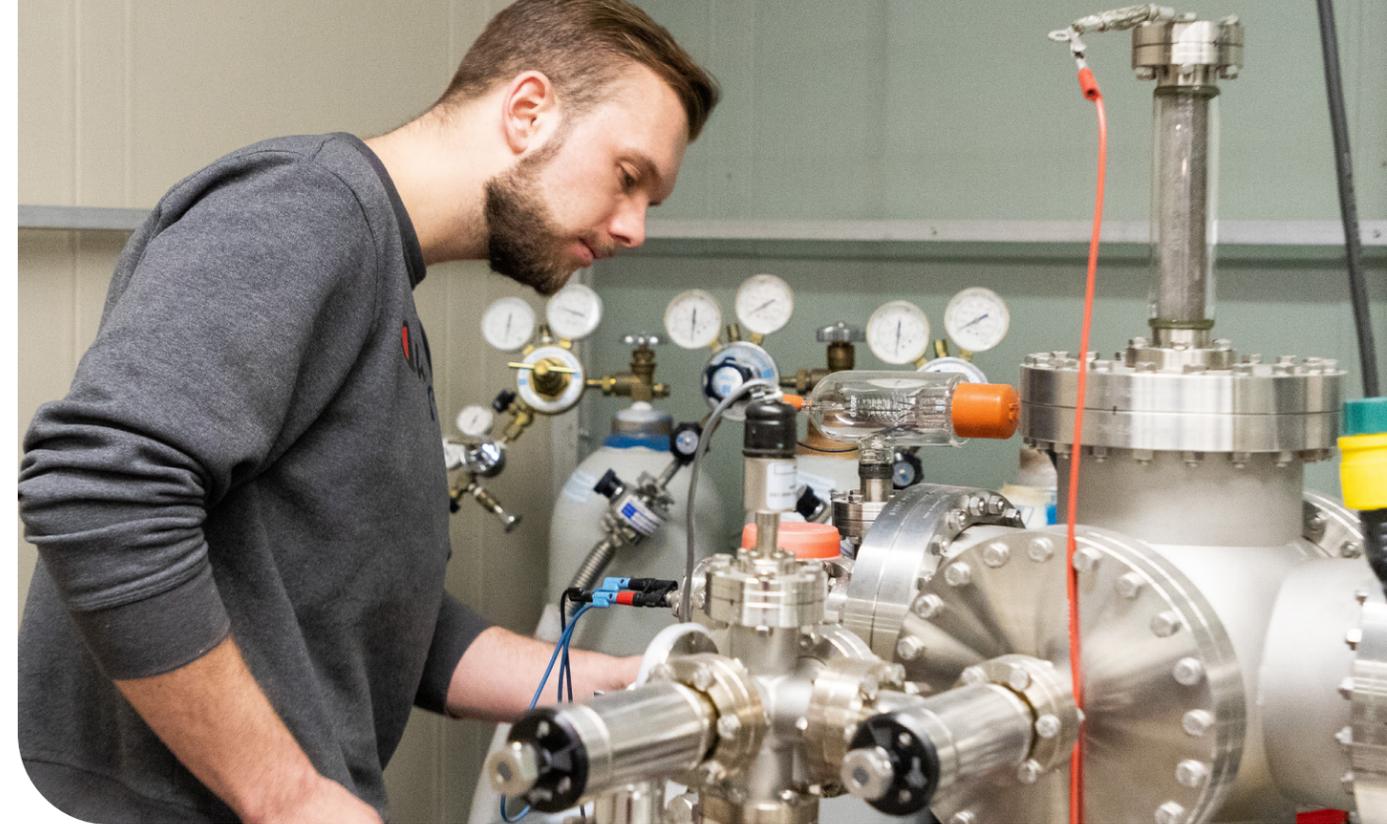

From research to labs to work experience, you'll gain skills applicable to global industries.

Your academic journey at Kettering involves more than classroom work with faculty members who are leading experts in their respective fields. Exchange students also can conduct research with faculty members and apply their skills in facilities like the Kettering University GM Mobility Research Center, a proving ground for mobility and vehicle research, or our Advanced Machines & Power Electronics Design lab.

# LEARN THEORY IN THE CLASSROOM. APPLY IT IN THE WORKPLACE.

Our cooperative education program places students in professional settings for real-world experience.

Exchange students can go beyond classroom and cultural experience at Kettering University. They also can gain hands-on experience through our co-op program that enables students to apply what they learn in the classroom to real-world contexts, balancing academic theory with practical work experience.

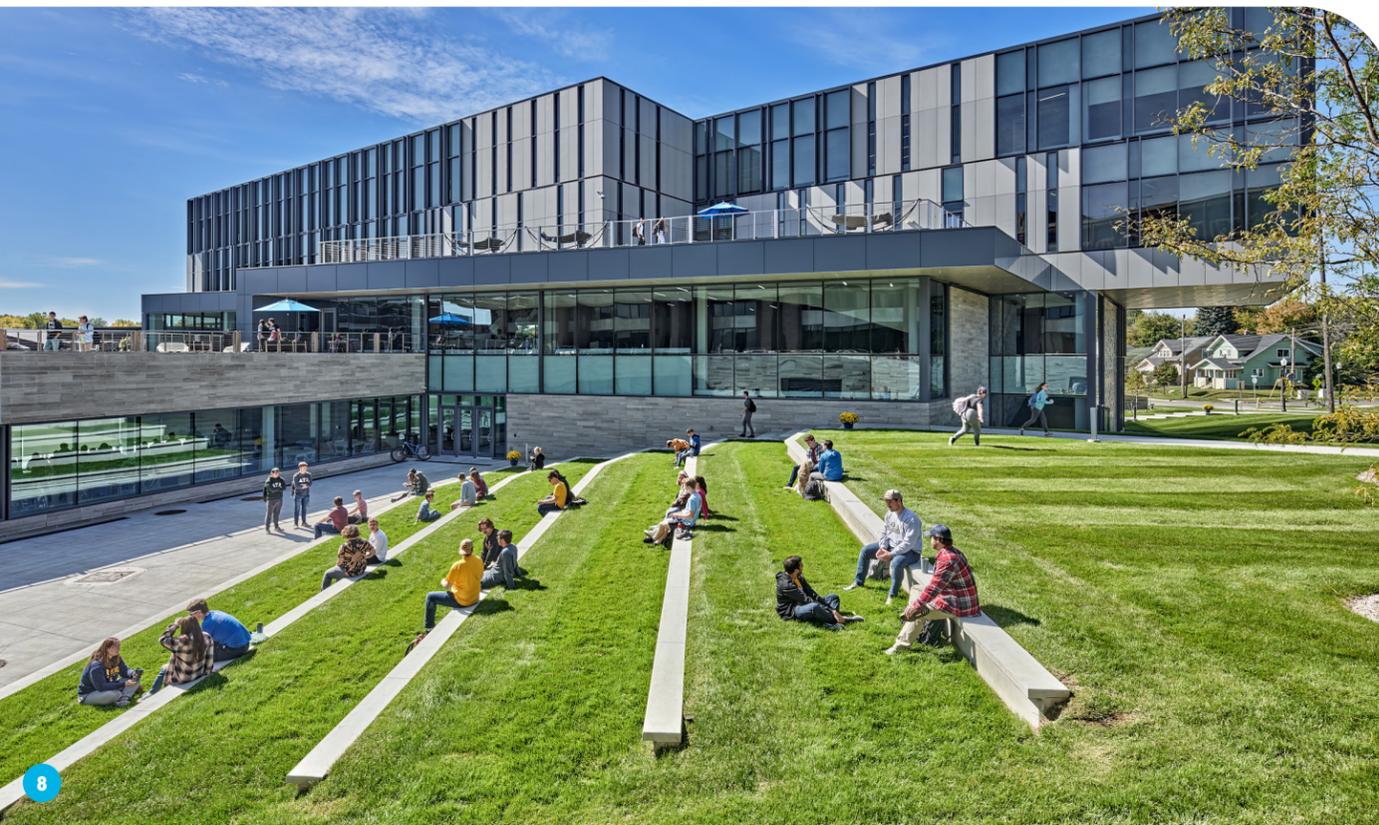

# LIFE ON CAMPUS AS A KETTERING BULLDOG

Find yourself, find your place and find your tribe.

Beyond a leading academic institution, Kettering is a tight-knit community where exchange students become a part of the social fabric of campus. We have a small student body and a wide variety of clubs and organizations so you can easily forge new friendships and find your community. Our students are athletes, artists, musicians, activists and change-makers in their communities.

## JOIN THE CLUB

Enhance your exchange experience in one of our 50+ clubs or organizations.

Want to try rock climbing? Have you always dreamed of getting into combat robotics? Want to learn the uniquely American game of cornhole? You can do that more by joining a club or organization that appeals to your personal interests and expands your circle of friends. We have dozens for you to choose from. Try something new while gaining new skills and socializing with your fellow students.

Kettering is home to Atwood Stadium, where the Flint City Bucks men’s soccer team and the Flint City AFC women’s soccer team play. The stadium also hosts the Vehicle City Gridiron Classic that opens the high school football season, the Flint Institute of Music’s annual Independence Day concert, and the Atwood Stadium Races, a set of road races—a kid’s dash, a 5K and a 10K—that begin and end at the stadium.

That’s just the start. Students will have so much more to explore in Flint and the surrounding area.

# WELCOME TO FLINT, MICHIGAN

Get to know your new home away from home.

Study where history was made. Flint, Michigan, was the birthplace of automaker General Motors in 1908 and is still known as Vehicle City. Since 1919,

Kettering University has called this city home. Our campus is about 70 miles from Detroit, one of Time magazine’s 50 greatest places to explore in the world in 2022.

A city of about 80,000 people, Flint is proud of its ties to the automobile industry. The weeklong Back to the Bricks classic car show is one of the city’s most popular events. Flint also hosts the PGA Tour’s Ally Challenge, the Junior Olympic competition CANUSA Games, the Flint Jazz Festival, the arts and electronic festival Flint Drop Fest, and many others.
